

VOLUNTEER OPPORTUNITIES

Volunteers are the backbone of the HOPE Gift Card Ministry. They are indispensable to the program's success and perform a variety of valuable duties.

Most of our volunteers sell the gift cards after weekend Masses and on other special occasions. The majority of these kind people work one time each month, but a few work more often.

Other volunteers help with the weekly operation of the program by taking inventory of the cards in stock, processing orders and determining the number of cards to be ordered, recording sales data from the previous week, tallying cash receipts, preparing bank deposits, and performing other administrative tasks as needed.

Volunteers also help publicize the program by preparing and giving presentations to various parish organizations, writing articles for the parish bulletin and newsletter, and producing periodic flyers to highlight news and features of the program.

Elizabeth Schneider oversees the volunteer schedule for weekend sales. If you are willing to donate a little of your time and talent to help with this important ministry, please call Elizabeth at (816) 4154513 or at sch91386@earthlink.net. She would love to hear from you and can tell you where she needs your help.
